

MASTER SAHIL

MERN STACK DEVELOPER

7882mastersahil@gmail.com

+91 9033352334

Adajan, Surat, Gujarat. 395009

Profile Summary

- Designed responsive web interfaces using React.js, HTML5, CSS3, and JavaScript across 5+ screens
- Built RESTful APIs with Node.js and Express.js following MVC architecture (20+ endpoints)
- Integrated MongoDB and implemented JWT-based authentication with full CRUD functionality
- Optimized application performance, reducing API response time by ~25%

Professional Skill

- Frontend :** HTML5, CSS3, JavaScript, React (Library)
- Backend :** Node.js, Express.js, REST APIs, CRUD
- Database & Storage :** MongoDB, Firebase, NoSQL
- Mobile Development :** React Native, Expo
- Tools :** Git or GitHub, VS-Code, Postman, Vercel
- Programming & Tech :** C, C++, Npm, DSA
- AI & Automation :** AI APIs, Gen AI, Chatbots
- Soft Skills :** Team Collaboration, Adaptability, Communication

Education

Bachelor of Computer Applications

2024 - 2027 (Expected)

Strong foundation in programming, software development, and IT fundamentals.
Vidhyadeep University, Olpad, Surat.

Full Stack Developer

2024 - Present

Internship focused on full stack web development with modern technologies.
Red & White Institute, Adajan, Surat.

Work Experience

Web Developer Intern (CodexIntern)

02-12-2024 - 27-12-2024

- Replicated a pixel-perfect clone using HTML, CSS, JavaScript, following modern UI/UX standards
- Implemented fully responsive layouts optimized for mobile, tablet, and desktop devices
- Improved page performance and usability, resulting in 30% faster load time

Web Development Projects

Full Stack Projects

- Improved production-ready full-stack applications using React, Node.js, Express, and MongoDB with APIs.
- Implemented secure authentication, CRUD and RESTful APIs following real-world development practices.
- Focused on scalability, performance optimization, and clean backend architecture.

Front End Projects

- Designed responsive, modern user interfaces using HTML, CSS, JavaScript, React, and Tailwind CSS.
- Built pixel-perfect layouts with strong focus on usability, responsiveness, and clean UI architecture.
- Applied modern UI/UX principles to create smooth and user-friendly web experiences.

AI Integrated Web Dev Projects

- Integrated AI models into web applications to enable chatbots and text-to-image generation features.
- Worked on API-based AI integration, prompt handling, and real-world AI use cases in web environments.
- Focused on creating interactive and intelligent user experiences using AI technologies.

Interest

- Mobile App Development
- Learning New Technologies
- AI Based Projects
