

SUMMARY

Full Stack Developer specializing in React.js, Node.js, MongoDB, and React Native. Built multiple full-stack web and mobile applications, including enterprise management, e-commerce, and security-focused platforms. Strong foundation in REST APIs, authentication systems, and modern JavaScript development.

PROFESSIONAL PROJECTS

Corporate Management Software System

corporates.app

- Built a role-based enterprise management platform for employee administration, rewards management, attendance tracking, and internal operations.
- Technologies: React.js, Node.js, Express.js, MongoDB, Razorpay, JWT

Secure Credentials Vault Website

- Created a secure credential management system for storing and organizing sensitive account information with encrypted authentication.
- Technologies: React.js, Node.js, Express.js, MongoDB, JWT, bcrypt

Smart Society Management System

- Implemented a modern Society Management ERP with role-based dashboards, visitor tracking, maintenance management, and secure administrative controls.
- Technologies: Next.js, MongoDB, Multer, JWT, RBAC, TypeScript

E-Commerce Platform

- Developed a full-stack e-commerce platform featuring product management, a shopping cart, and secure authentication.
- Technologies: React.js, Node.js, Express.js, MongoDB, JWT

Personal Portfolio Website

mastersahil.dev

- Designed a professional portfolio website highlighting projects and expertise.

EDUCATION

Bachelor of Computer Applications

2024 – 2027 (Expected)

Vidhyadeep University

- Specializing in Software Development and Full-Stack Technologies.

Full Stack Development Course

April 2024 – June 2026

Red & White Institute

- Focused on MERN stack, database design, workflows, and production deployment.

TECHNICAL SKILLS

Languages: JavaScript, C, C++

Database: MongoDB, Firebase

Frontend: React, Next, HTML, CSS, Tailwind CSS, Bootstrap

Tools: Git, GitHub, Cloudinary, Postman

Backend: Node.js, Express

Mobile: React Native, Expo

SOFT SKILLS

- Problem-Solving
- Communication
- Team Collaboration
- Adaptability
